The next meeting of QCWA Chapter 29 will be held on Friday, April 30th, officially beginning at 11:30am at the Denny's on South Bay Road in North Syracuse.

Our guest speaker will be Larry Brightenfield, Sr.—W2LB. Larry is an Extra class ham, formerly licensed as WA2ROW. One of his recent projects was the construction of a 1920's-style Hartley transmitter circuit. With about 2 watts power output, Larry was surprised when one of his first QSO's was with a ham in England—that's England as in Great Britain, not New England!

Larry will be bringing his transmitter to the meeting and we should have an interesting discussion of old time transmitters. See you there!
