Active Chapter Report

We invite you to take part in all QCWA activities. This pamphlet has been prepared to introduce you to QCWA chapters by providing the name and address of an Officer for each active chapter so you can easily identify the one nearest your QTH. Review the list and contact the chapter of your choice. You will be invited to attend their meetings and join that chapter. At present there are over one hundred active chapters. One might be located fairly close to your QTH. You may join multiple 'Local Chapters'.

Many QCWA chapters have on-the-air meetings; frequencies and times of each net are listed on the web at http://www.qcwa.org/chapters_on_the-air.php. Try to check into one or more of the nets. The Sunday afternoon net on 14,347 kHz at 2000Z will welcome you as a check-in. A CW net is on each Wednesday at 2000 ET on 7,035 kHz. In addition, each year the QCWA holds a QSO Party in the spring.

QCWA provides enjoyment, fellowship and meaning to your amateur radio activities. To enjoy everything that QCWA can offer, you must take an active role and assist in setting up activities for those around you. Join a Chapter and become active in its administration. Write stories of your experiences. To a new QCWA member, events today are as interesting and meaningful as events that happened in 1950 will be to an 'old-timer'.

If you have questions, please contact us and we will do our best to help you.

When you participate in QCWA we all gain. Thanks for joining the QCWA.

73,
Roberta Cohen, WA2FRW
Office Manager
