**President's Comments.**

Hamvention 2006 has come and gone and was a success. Our banquet went over well, we had 54 in attendance, the Cedar room was filled to capacity and it took two waitresses to serve. Our farthest guests were a couple from Okinawa. The presentation by Ralph Dull about alternate energy and particularly about his 4 windmills north of town was timely and led to many questions and comments. As a special treat we had an OM bring door prizes, four CDs "Ham Call" from Buckmaster, which were raffled off at the end. Wouldn't you know the first three went to ladies, The XYL from Okinawa, JR6XIX, Suzy Manning, N8HCH, Bill Hinman's, W8UX (SK), daughter and Elizabeth Johnston our national president's wife. The last CD went to Matt Tinker.

With the Hamvention, it seemed there was finally a switch in the weather from cold and wet to warmer and drier. All of a sudden summer is on us! Now you have to keep the doors closed to keep the cool in!

Our next meeting will make us feel cool: Don, N6JRL, will tell us all about the Antarctic Peter 1 island DX-pedition back in February! And in July you will learn how DPL reads your meter by radio!

Cu at the meetings.
